The Waterville Castine patio door is the high performance solution for coastal applications where a DP-50 rating is required. Thick walled, all-welded vinyl frame and sash combined with a 1" glass package and 12-gauge steel reinforcing achieves the best ratings for the stringent codes that are being enforced for coastal regions. This door ships complete with all hardware ready for an elegant and efficient glass package. There is no reason to look any further than the Waterville Castine all vinyl sliding door by Waterville Window.

Optional Features

- Brass hardware
- Various glass aesthetics as per design
